

1st Porous Materials for a Sustainable Future: A Mediterranean and Middle East Roadmap, Pore2MED 26

8 - 11 November, 2026
Ayia Napa, Cyprus

Organized by:

Department of Chemistry
University of Cyprus

DEMOKRITOS
NATIONAL CENTRE FOR SCIENTIFIC RESEARCH

UNIVERSITY
OF CRETE

Universitat d'Alacant
Universidad de Alicante

UNIVERSITÉ
DE MONTPELLIER

Conference Overview

The conference aims to bring together scientists working on porous materials, encompassing topics such as metal-organic frameworks, covalent organic frameworks, and zeolites, as well as porous chalcogenides, carbons, polymers, and organic systems. It provides an excellent platform for scientists at all career stages to stay informed about the latest advances in porous materials and their applications, share and discuss recent findings, and actively engage with the international research community.

Paper submission is now open!

Submission deadline: 21 July 2026 5 August 2026

Plenary Speakers

Prof. Mercouri G. Kanatzidis
Northwestern University

Prof. Omar Farha
Northwestern University

Prof. Veronique Van Speybroeck
Ghent University

Prof. Yong Cui
Shanghai Jiao Tong University

Prof. Christian Serre
Institut des Matériaux
Poreux de Paris

Prof. Daniel Maspoch
ICREA & Institut Catala de
Nanociencia i Nanotecnologia

Invited Speakers

Prof. George Christou
University of Florida

Prof. Ali Trabolsi
New York University Abu Dhabi

Dr. Kyriakos C. Stylianou
Oregon State University

Prof. Manolis J. Manos
University of Ioannina

Prof. Charl FJ Faul
University of Bristol

Dr. Karolina A. Tarach
Jagiellonian University

Prof. José María Pedrosa
Universidad Pablo
de Olavide de Sevilla

Dr. Georges
Mouchaham
Institut des Matériaux
Poreux de Paris

Prof. Kasper Steen
Pedersen
Technical University
of Denmark

Prof. Kyriaki
Polychronopoulou
Khalifa University

Prof. Konstantinos
Triantafyllidis
King Fahd University of Petroleum
and Minerals

Dr. Natalia Munoz Padial
University of Granada

Prof. Jorge A. R. Navarro
University of Granada

Dr. Dinesh Shetty
Khalifa University

Prof. Thomas Bein
University of Munich
